

Relecura forms strategic partnership with IP Moment Services on Patent Search Services

Relecura is a full-stack cognitive cloud platform that provides custom intelligence and reports on patent portfolios, technologies and companies. It does this by capturing and organizing the knowledge from various document repositories (patents, scientific literature) and subject matter experts in a flexible and collaborative manner, into a knowledge base. Relecura offers IP analytics tools and a custom enterprise platform to corporations, law firms, IP services firms, R&D organizations and academic institutions.

IP Moment is a specialized consulting and outsourcing start up firm providing end to end IP services to its clients for building profitable intellectual property. IP Moment has well trained and highly qualified IP experts in various technical domains. IP Moment's core competencies are to provide customized high quality and cost effective patent search reports. IP Moment provides complete patent solutions from prior art searching to patent filing. IP Moment has competent and well trained professionals help to build competitive IP intelligence for clients.

Dr. Pareshkumar C. Dave, Founder of IP Moment Services says "We are very proud to enter into this strategic partnership with Relecura and complement their existing IP services offerings. This partnership will enable companies to significantly reduce the cost of patent search services without compromising on the quality. We are looking forward to provide our best quality patent search services to Relecura clients and look forward to build mutually beneficial partnership with Relecura."

Dr. George Koomullil, Founder of Relecura Inc says, "With technology being a critical aspect of a business, companies recognize the need to strategize their intellectual asset development for gaining a competitive edge. The partnership between IP Moment and Relecura brings together the IP Moment's IP expertise with Relecura's next-gen technology and technical capabilities. This collaboration will better address the needs of the clients by providing quality solutions and support.

The partnership will synergize the effectiveness and efficiency of specialized services in terms of spread, depth and delivery.”

About Relecura:

Relecura Inc is a software product company based in the San Francisco Bay Area, and its subsidiary Relecura Technologies Pvt. Ltd. is located in Bangalore. The company’s full-stack cognitive cloud platform aids in managing strategic decisions by drawing powerful insights from patents and scientific literature using AI, ML and NLP.
